PENDANTS

Design: Yuchen Wu, 2023

PORTA TABLE LAMP

TABLE LAMPS

Design: Simon Legald, 2021
Duty Code: 9405299090
Made in: China
Construction: Porta Table Lamp consists of a lamp shade and base made from ABS plastic and an acrylic diffuser. Beneath the base, a small compartment allows for easily accessible charging, and a discreet tunnel for the charging cable ensures that the lamp can charge while in use. A silicone base ring allows the lamp to stand securely. Porta comes with a permanently integrated, rechargeable, low-energy LED light source which has 3 light intensity levels: 100%, 40% and 10%, and a battery life of 20 hours, 60 hours, and 120 hours, respectively. The lamp comes with a USB charging cable with a length of 1 meter.

Maintenance: Before cleaning, disconnect the power and allow the lamp to cool down for 10 minutes. Mind to clean the surfaces of the lamp only. Clean the lamp with a soft, dry cloth only. If necessary, wipe the surface of the lamp with a soft, damp sponge or cloth, and wipe immediately with a dry cloth. Do not use alcohol or other solvents to clean the product and avoid using abrasive or rough sponges.

CARE & MAINTENANCE

ALUMINUM

CLEANING

- Clean with a damp cloth wrung in a solution of water and neutral detergent.
- Avoid using scouring cream or scouring pads as they may scratch the surface.

GRANITE

Granite distinguishes itself by being resistant to scratches and heat. Each piece of granite is unique with natural variations in the pattern.

CARE

- For maintenance, use care products specially developed for granite or use a damp cloth wrung in a mix of water and mild soap or soap flakes. This will form a light protective film on the surface.

CLEANING

- We recommend cleaning with a damp cloth wrung in a mix of water and mild soap or soap flakes. Granite tolerates most cleaning products.

LAMP FOIL

CLEANING

- Clean with a duster, a micro-fiber cloth or by carefully using a vacuum cleaner with a soft brush attachment.

CHROME

CLEANING

- Clean with a damp cloth wrung in a solution of water and neutral detergent.
- Avoid using scouring cream or scouring pads as they may scratch the surface.

LACQUERED ABS

CLEANING

- Clean with soft damp cloth or nano-cloth.

LEATHER

Normann Copenhagen uses high-quality natural leather from Sørensen Leather. The leather is pleasant to touch, with a uniform grain pattern spanning over the entire hide. If you look after the leather, you can preserve its natural beauty and make it look even more luscious over time.

CARE

- Avoid placing the leather in direct sunlight or extreme heat.
- Avoid soaking the leather or any contact with sharp objects.
- Absorb any spills immediately, using a clean, dry cloth.
- Dust and clean regularly according to instructions below.

CLEANING

- Dust using a vacuum cleaner with a soft brush.
- Clean using the foam from soap flakes. Use a 1/2 deciliter of soap flakes to 1 liter of water. Whip the soap flakes into hot water. When the water becomes room temperature, the foam must be applied all over the leather with a soft cloth. Only use the foam and avoid soaking the leather. When the leather is dry, polish it with a soft, dry cotton cloth.
- Never use detergents, ammonia, oils, polish, varnish, etc.

GLASS

CARE

- Be careful with sharp objects as they may scratch the surface.

CLEANING

- Table tops made of glass should be wiped with a clean, dry cloth.
- To remove grease (fingerprints, etc.), use a glass cleanser.
- Excess water can be removed with a dry cloth. You can then dry polish the glass with a micro-fiber cloth.
- Avoid cleaning with ammonia.
- Never use abrasive cleaners or sharp-edged cleaning tools.

LAMINATE

CARE

- Never place hot items directly on the laminate.

CLEANING

- Clean with a damp cloth wrung in a solution of water and all-purpose cleaner or household ammonia. Avoid using abrasive cleaners.
- Remove soap residue immediately afterwards, using a clean, dry cloth.

Stains can be removed gently with a clean, damp cloth or a nano-sponge wrung in warm water with 1 part vinegar to 10 parts water.

LINOLEUM

Linoleum is a durable material made of a combination of linseed oil, resin, limestone, saw dust, and natural pigments. It is known to have anti-bacterial and self-healing properties. We use Forbo's furniture linoleum, which is comfortable to touch and has a beautiful matte finish.

CARE

- We recommend using coasters under damp or colored items to avoid permanent stains.
- Never place hot items directly on the linoleum table top.
- Use linoleum care regularly to maintain the surface.
- Wipe any spills as soon as they occur to avoid them from soaking in.

CLEANING

- Only use a PH-neutral cleaning product on linoleum as alkaline detergents may deplete the linoleum.
- Clean with a damp cloth wrung in a solution of water and a detergent made especially for linoleum. Remove soap residue immediately afterwards, using a clean, dry cloth.
- Stains can be removed carefully using white spirit (minerals turpentine) or a damp nano-sponge with warm water or a linoleum product. Please note that the nano-sponge should not be used when dry.

MARBLE

Marble has a fine hard surface with a beautiful natural pattern. Each piece of stone is unique in color and composition.

CARE

- Wipe any spills as soon as they occur to avoid them from soaking in.
- Marble table tops can be maintained with mild soap or soap flakes, which forms a light protective film on the surface. Use mild soap or soap flakes over time to make the surface more resistant to spots and give it a silky matte look.

CLEANING

- Clean using a cleaning soap for all types of natural stone. Avoid the use of all-purpose cleaners and other degreasing detergents as well as substances containing acids.

POWDERCOATED STEEL

CARE

- Do not expose to extreme UV light to prevent color from fading.

CLEANING

- Clean with a damp cloth wrung in a solution of water and neutral detergent.
- Avoid using scouring cream or scouring pads as they may scratch the surface

RUGS

CLEANING

- Frequent vacuuming is recommended to preserve color and appearance.
- Rugs can be dry cleaned.

WOOD - VENEER, SOLID, LACQUERED, STAINED

We work with many kinds of wood depending on the design and purpose, but always with a focus on creating high-quality furniture. We only use wood from sustainable production for our furniture.

CARE

- Wipe any spills as soon as they occur to avoid them soaking in.
- Never place hot items directly on the table top.

CLEANING

- Clean with a damp cloth.
- Never use abrasive cleaners, steel wool or polish.

PAPER CORD

CARE

- Avoid getting the paper cord wet as the color may rub off.

CLEANING

- Clean with a clean dry cloth.

PUR FOAM

CLEANING

- Clean with a damp cloth.

TERRAZZO

Normann Copenhagen uses a terrazzo made of concrete and marble chips by original Italian technique. Each terrazzo sheet has a unique mix of flaked stone with distinctive shapes and colors.

CARE

- Wipe any spills as soon as they occur to avoid them from soaking in.
- For maintenance, clean with a damp cloth wrung in a solution of water and mild soap or soap flakes. Afterwards, wipe the surface, using a clean, dry cloth.

CLEANING

- For daily cleaning, clean with damp cloth. Avoid the use of all-purpose cleaners and other degreasing detergents as well as substances containing acids.

WOOD-PLASTIC COMPOSITE

CARE

- Be careful with sharp objects as they may scratch the surface.

CLEANING

- Clean with soft damp cloth or nano-cloth.

PLASTIC – POLYPROPYLENE (PP)

CARE

- Avoid placing the furniture in direct sunlight or close to strong heat sources.

CLEANING

- Clean the surface using a damp cloth wrung in a solution of water and neutral detergent. Afterwards, wipe the surface using a clean dry cloth.

RUBBER FABRIC

CLEANING

- Clean with a damp cloth.

TEXTILE

Normann Copenhagen's upholstered furniture is made with high quality textiles from some of the world's leading fabric suppliers. Textiles are selected based on their look, feel and durability.

CARE

- Avoid long-term exposure to direct sunlight and other light sources as the textile might inevitably fade.
- Rope sofa: Adjust your sofa upon receipt. Straighten fabric on all modules and move piping to the right position. Press fabric down between each of the modules and between the backrest and the seat.

CLEANING

- Clean with textile or upholstery cleaner.
- Frequent vacuuming with a soft fitting is recommended to preserve color and appearance.
- Stains should be removed immediately to avoid permanent damage.

Delivery is Ex Works at Normann Copenhagen's facilities in Nakskov, Denmark. Risk of loss or damage to the Order shall pass to the Customer upon delivery.

Unless otherwise agreed in writing between Normann Copenhagen and the Customer, Normann Copenhagen will make the delivery ready for pick up. If agreed, Normann Copenhagen can handle the shipment and delivery of products and charge the Customer the cost for freight and other costs.

Any delivery date and delivery time provided by Normann Copenhagen is only an estimate. Normann Copenhagen cannot be held liable for any damage or loss that the Customer may suffer as a result of delay or non-delivery.

In case of delay, the Customer will be informed as soon as possible. The Customer is not entitled to make any claim in case of delay or in case of non-delivery.

The Customer is obligated to check the products upon receipt. The check shall include:

- Checking that the correct type of products has been delivered
- Checking that the correct quantity of products has been delivered
- Checking that the quality is as promised

Orders cannot be cancelled or refunded based on damages at arrival. If the package is damaged, the Customer shall accept the delivery but note the damage on the freight document and state that the delivery is "received with reservation".

In case of discrepancies, the Customer shall contact Normann Copenhagen within seven working days from the date of receipt of the products. Normann Copenhagen may at its own discretion decide to issue a credit note or to redeliver the damaged products. Redelivery is conditioned on the Customer's provision of photos of both the package and the damaged product. Such documentation must be sent together with other relevant information to the Customer's sales representative at Normann Copenhagen.

Warranty and complaints

If the products have been paid in full, Normann Copenhagen warrants to Customer that in a period of 2 years from delivery date, all products will be free from any production errors, provided that the Customer's complaint is filed to Normann Copenhagen within the warranty period. For the avoidance of doubt, all defects due to or caused by transport, incorrect use, inadequate maintenance, or the Customer's alteration or repair are excluded from the warranty.

Normann Copenhagen is entitled to repair or replace defective products. If Normann Copenhagen is unable to repair or replace the defective product, Normann Copenhagen is entitled to remedy by offering a price reduction. Unless otherwise specified, the Customer's remedies in case of defects shall be limited to this warranty.

Product liability

Normann Copenhagen is only liable for material damage caused by delivered products, if Normann Copenhagen is provided with sufficient documentation that the damage occurred due to Normann Copenhagen's error or negligence. Normann Copenhagen is not liable for any indirect or consequential damage such as, but not limited to, operational losses, loss of earnings or other financial consequences arising from damage caused by Normann Copenhagen's products whether in contract, tort, strict product liability, or otherwise.
